ORDER EXTENDING STATUTORY DEADLINE**Summary**

This decision extends the statutory deadline in this proceeding to March 30, 2014.

Background

Public Utilities Code Section 1701.5 provides that ratesetting matters such as this application shall be resolved within 18 months of issuance of the scoping memo for the proceeding, unless the Commission makes findings why that statutory deadline cannot be met and issues an order extending the 18-month deadline for a period not exceeding 60 days.

In this proceeding, the scoping memo was issued on October 4, 2011, and the 18-month deadline for resolving the proceeding was April 4, 2013. The Commission has granted extensions of the statutory deadline and the last, Decision 13-11-014, extended the statutory deadline until January 29, 2014. A

series of evidentiary hearings were held and submitted upon the receipt of reply briefs.

Parties have been active in this proceeding, several motions have been filed including a Motion from the Office of Ratepayer Advocates and San Gabriel Valley Water Company for Approval of Settlement Agreement. On May 29, 2012, the assigned Administrative Law Judge (ALJ) issued a Ruling granting interim rates. The settlement, which was opposed by some parties, raised complex issues which require further review in addition to the other contested issues not included in the settlement. The proposed decision was published on October 15, 2013, for public review and comment. The parties requested and were granted an extension of time for comments and replies on the proposed decision. Although there is a revised decision on the Commission's agenda, the Commission may choose to hold over the decision for further consideration to review the comments and deliberate on the proposed decision. Therefore, a 60-day extension of the statutory deadline until March 30, 2014, is necessary.

Waiver of Comment Period

Under Rule 14.6(c)(4) of the Commission's Rules of Practice and Procedure, the Commission may reduce or waive the period for public review and comment of decisions extending the deadline for resolving ratesetting proceedings. We waive the period for public review and comment pursuant to this rule.

Mark J. Ferron is the assigned Commissioner and Douglas Long is the assigned ALJ in this proceeding.
